History:

Organised for the first time in 2006, the international aria cad-cam dental meetings bring together edition after edition more and more professionals in the sector: manufacturers, prosthetists, dental surgeons.

Since 2012, for its third event, the aria cad-cam international meetings have been held every two years in Lyon.

The year 2024 will mark the 9th edition and will take place at Eurexpo, still in Lyon.

The Aria International Meetings are now the not-to-be-missed event to (re)discover all the latest developments in digital and digital dentistry.

Key figures of 2022:

4000 m2 of exhibition space

2.5 days

80 exhibitors and specialists

33 speakers

Over 2,100 visitors

Numerous signed contracts

Our goal:

Bringing together over 2 and a half days, international manufacturers, dentists, dental surgeons and dental assistants from all over France around the theme of CAD/CAM.

The program :

- ✓ High quality conferences led by experts in the field of dental digital
- ✓ An exhibition of companies specialised in this field
- ✓ Demonstrations of the latest innovations

Good reasons to come and exhibit in 2024:

- ✓ Doing business with a discerning public
- ✓ Present your expertise and know-how to an informed public
- ✓ Launch and test your products
- ✓ Meet your customers and prospects in a friendly atmosphere
